## STARTALK Summer Camp - July 17 - August 4, 2017

### Parents Comments

Just wanted to thank you for giving Annika, my daughter, an opportunity to work at the ESHA Startalk camp. This was her first summer camp experience as a TA and she absolutely enjoyed her assignment and was looking forward to going to the camp everyday of the week. She learned a lot during the camp and appreciated the effort put in by the teachers in preparing the lesson plans. She had a wonderful time working with her class teacher, Mrs. Swati Barche, and learned a lot.

My younger daughter, Roma, attended the camp as a student and loved every minute of it. The theme of the camp was just fantastic. And when she sang the song "hotho pe sachai rahati hai", we were so touched as parents to see our kids singing the same song which we grew up singing.

Thanks for planning, hosting and conducting such an amazing camp showcasing India's rich cultural heritage.

Regards,  
Vaishali Agarwal
